<ul style="list-style-type: none"> Give her tenure she is wonderful Not only are Reacting to The Past courses the best ways to learn history, but Dr. Earls is clearly one of the hardest working professors I've ever met, and her dedication to history is clearly conveyed through her composure and her classes Best teacher. Best class. Definitely enjoyed this class. Dr. Earls always knows how to make things fun. She always encourages students to participate and be actively involved and this course was no exception Love u Dr. Earls!!! this was a great and entertaining class that I am glad I was able to take I really enjoyed the class and learned alot. I wish we learned more about Ancient Greece outside of the game and the reading. She is great at these reacting classes. I never find out that I have actually learned a lot in very little time until the very end when we go over what exactly we have learned. It is a fun engaging way to learn history. A great enthusiastic teacher. I enjoyed being in her class very much. I took this course to fulfill my History need for REACH and had no reason otherwise to take this course. I am glad that I chose this course, specifically because it was taught by Dr. Earls because she made learning about history fun and engaging, unlike the majority of history classes I've had before. I think that since I am a non-history major, Dr. Earls makes history more interesting and I would highly recommend her classes to anyone. I really enjoyed this class, even though there was alot of writing. I had fun debating and roleplaying Thank you for everything and keep doing what you did with the class. It made the class more interesting!
